

# de Oude Pastorie

## ADDITIONAL INFORMATION & PRECAUTIONS

**Towels** are supplied.

### Cleaning

Cleaning is not included unless otherwise agreed. However, the following persons do cleaning on request (negotiate fees with them directly)

- |   |                 |   |
|---|-----------------|---|
| 1 | Maria September | 076 658 2665 (she also bakes delicious vetkoek) |
| 2 | Rachel          | 082 654 3938                                    |

On longer stays, linen will be changed every 7 days.

### Fire Hazards

The Eastern Cape may experience extreme wind speeds. Please be extremely careful with fires. Recently, 2 houses burnt down to the floor in a matter of minutes after sparks of a neighbour's braai were swept across town in a gusting wind. Fynbos is extremely flammable!

**There is a fire-extinguisher in the scullery in case of such an event.**

### Electricity

In the event of no electricity (Eskom is not very dependable) please make use of lanterns and candles in the scullery but please be careful with the fire! Remember that the gas stove still works when the electricity is down so please make a cup of coffee and cook dinner in candle-light. Or have a braai with a glass of good whiskey!

### Recycling

We are all trying to do our share in protecting our environment. Please help us by putting empty, rinsed glass containers in the glass bin provided. There is also a compost-heap in the corner behind the garage. You are welcome to add your kitchen waste!

### Safes

There is a spare-key available in case you forgot your password! But please remember to remember! The instruction manuals should lie on top of the safe!

### The Stove/Oven

This is a gas stove but an electrical oven. Just hold the knob in on the big flame and press the spark-button. You may now leave the button and turn it to the required level.

Please check on a regular basis that the flame does not die and the gas leaks out. This might happen if the window is open. So please do not leave the house while the stove is on.

Please also do not put pots on the oven-door when it is open. I know it is tempting but we have discovered that it is very expensive to replace the hinges and it cannot easily be repaired!!

**Please beware of the gas bottles outside.**

# de Oude Pastorie

## Art Works

All the paintings are done by a local artist, Rina Cilliers. They are for sale. Rina can be contacted 083 232 1621 or (028) 254 9827.

## No Smoking Please

**Pets only** by prior arrangement. Also please provide own bedding and bowls. The linen are white so please keep dogs off the furniture.

## Heaters & Fireplace

During the winter months Greyton can be quite cold. We supply wood for the first night. Each room also has a wall-heater. Please remember to switch it off when you are not using it. Please bring your own firelighters.

Attached, please find an inventory list. If anything is broken please replace it. Or inform us and we will make the necessary arrangements.

## “Leiwater”

The “leiwater” runs through the property about 3 days a week. Please do not litter or waste water as the “leiwater” is a very important community issue!
